A LETTER FROM THE JUNIOR COORDINATOR

Terry Nicholls

We're excited to express our interest in running a Cricket Clinic at your school as part of Sunshine United Cricket Club's commitment to engaging and supporting local communities through sport.

Our goal is to promote cricket in a fun, inclusive, and supportive environment – introducing students to the game while helping them build confidence, learn new skills, and develop teamwork in an active setting.

We would love the opportunity to work with your school to deliver a free cricket clinic, tailored to your students' year levels and sporting needs. Our sessions are designed for both boys and girls of all abilities, and all equipment is provided by our club.

Included in this letter is:

- A session outline with a sample program structure
- A junior programs flyer outlining the next steps for families interested in getting involved with the club

At Sunshine United, we offer:

- Woolworths Cricket Blast (ages 6–10): A fun and relaxed introduction to cricket in a less structured setting, perfect for new players.
- Junior Competitions (U10 to U17): For players ready to take the next step, with weekly matches and training sessions.
- Both streams are open to boys and girls, and we're proud to have recently launched our first standalone all-girls team.

We are always looking to build stronger school-club partnerships, and we welcome the involvement of parents, teachers, and community volunteers across the season.

Thank you for considering this opportunity. We look forward to the possibility of delivering a session at your school.

If you have any questions or would like to arrange a clinic, please don't hesitate to get in touch.

Warm Regards,

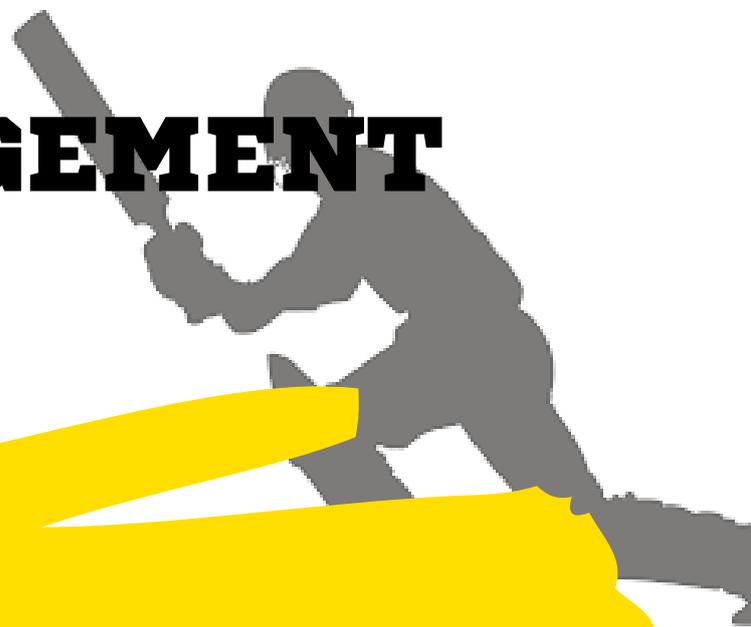

Terry Nicholls
